Exfoliation, relaxing massage, manual extraction to clear pores and decongest, all work to ensure you leave the salon with a clearer complexion. This treatment will not only remove blockages and balance oily, problematic skins, but it will make any complexion feel brighter, deep down refreshed and visibly radiant for hours after leaving the treatment room. A definite monthly essential!

- **Microdermabrasion:**

This treatment is the most talked about facial, branded as the 'facial for the stars'. It offers a controlled method of skin resurfacing by gently exfoliating the outer layers of skin. It is an excellent progressive treatment for ageing skin, fine lines, wrinkles, open pores, blackheads, blemishes, acne scarring, stretch marks and much, much more. Regular treatments stimulate collagen and elastin formation, resulting in a firmer and more rejuvenated skin. The gentle vacuum action achieves an immediate lifting effect on tired muscles, just like a 'workout' for the face. Expect a wrinkle depth reduction of 40% with this facial.

Following the microdermabrasion treatment, a cooling hydrating, firming and lifting algae mask is applied to conclude your treatment.

Guaranteed the best, as treatments are undertaken and by the former National Training Co-coordinator of Crystal Clear!
