

Uber Beauty The Basics - Waxing

Its not just waxing at Uber Beauty...first we prepare you for your waxing session by cleansing the area with a pre wax cleanser and layering with lavender talc to absorb moisture and enable the easy removal of the hair. After your session, an after wax oil is massaged into the post treated area to remove any residue, and the skin is then soothed with an Aloe Vera gel to minimise redness and irritation. To finalise the treatment a Shea Butter and plant extract lotion is swept over the skin to restore and moisturise...leaving the skin soft and silky.
